

Paul Whelan

- Bachelor of Science (Hons)
Building Surveying

Paul has more than 7 years of experience within the construction industry at all levels both in the UK and in Australia. His experience has helped him develop extensive understanding and knowledge of construction technology and performance based building regulations.

Paul's role as an assistant building surveyor involves providing Building Regulations consultancy services and building certification services for a range of building developments including residential, commercial, retail, industrial and aged care, as well as conducting BCA audits of existing buildings.

Paul is committed to representing himself and the company in the best possible fashion at all times by delivering exceptional services to clients.
