Dean is an Unrestricted Accredited Certifier and Building Surveyor with 18 years extensive experience in both the local government and private consultancy sectors of the building regulations industry. He has a diverse knowledge of the application of and interpretation of the Building Code of Australia and related state based building legislation.

Dean is conversant with all aspects of building code consulting including assessment of performance based alternative solutions, accessibility requirements, review of fire services design, energy efficiency and town planning matters.

Prior to becoming a Director of the company, Dean had long term employment at a number of high profile building code consultancy firms over a 10 year period and obtained his early experience in the industry as a Building Surveyor at North Sydney Council.

Dean's expertise is in large and complex commercial, retail and industrial buildings. He has recently been involved with the following major projects Interchange Park Industrial Estate Erskine Park, Coca Cola Amatil Eastern Creek, Coles National Distribution Centre, Chatswood Chase Shopping Centre, Lane Cove Market Square Development, Altitude Commercial Development Mascot, Pinnacle Office Park North Ryde, Queens Square Law Courts, Toyota Park Redevelopment, Australian Film Television and Radio School and Newcastle Mater Hospital.
